### Company D Reunion.

J. W. Smith of this city furnishes us the following detailed account of the golden reunion of Company D. at Ovid Saturday:

The golden reunion at Ovid Saturday last was a grand success and will only be forgotten by the veterans when the final muster out reaches them.

The day was pleasant and cool and everything had been fitted up at Ovid for a grand reception. On the arrival of the 10:36 train a large crowd met them at the depot with a martial band. They were soon in line and 18 survivors of that little band that rode away from that little village 50 years ago, less one day, marched behind the band with their Co. D flag floating on a pleasant southern breeze. They were soon in the opera house, where the business meeting was held. Minutes of the last meeting and financial report were read by the secretary and approved by the members.

The election of officers and place of the next meeting were in order. Elsie is to be the next meeting place, and the officers as follows: E. T. Weal of Ovid, President; Andrew Traynor of Omaha, Neb., Vice President; J. W. Smith of Owosso, secretary, for the twenty-sixth time.

The business meeting over with, the band led the veterans to the hotel where dinner was served at one o'clock.

Fifteen minutes before dinner the Co. D remnant with the band as leaders, led them to a private car standing on a nearby side track, and they escorted W. L. Park, vice president of the Illinois Central railroad, to the hotel where he was born and where the dinner was served. His father built the hotel 55 years ago, and he was the first captain of Co. D. and in the office of that hotel the company was enlisted.

"Dinner is ready."—No one could enter the dining room except members of Co. D., their wives and widows of departed comrades of Company D. and the illustrious son of their beloved captain. The table was spread for just the number that entered, 33, 18 being members of Co. D.

At precisely 2 o'clock the band again led them to the opera house, where for nearly three hours, were songs and speaking and as much fun as ever took place in a national political convention. Comrades Traynor and Smith kept up a continuous correspondence for the last year in order to get a big joke on some of the members and in the middle of the meeting the usher announced a message for the president of Co. D., Traynor, who opened and saw it was in reference to the company and was from London, England. He announced the secretary would read it. The secretary glanced it over and said Co. D. was known throughout the world, a letter from an old friend in London, who called the name of a member of the company. The secretary asked if the members who had been mentioned by the friend in England would stand up as soon as their names were called. Seven were soon on their feet as honored by the friend across the water, and others trembling for fear they would not be called upon. Then the secretary, with a very sad look, proceeded with the letter and had reached a certain point when the seven comrades went down with lightning rapidity and the house was in an uproar.

Twenty-five reunions have been held in the last twenty-five years, but this, their golden anniversary, cleaned up all previous records for good time.

Nearly 35 veterans and others from Owosso attended and all had a grand good time.

Doan's Regulents cure constipation without griping, nausea, nor any weakening effect. Ask your druggist for them. 25 cents per box.

### HEALTH HINT FOR TODAY.

#### That Throat Trouble.

If the throat is rough and the voice hoarse, relief can be had by packing it in wet cloths overnight. Wrapping a thick washcloth from cold water, put it around the neck, covered by a piece of flannel and a thick towel or oiled silk. There is no danger in this remedy if one is sufficiently protected and the clothing is not allowed to get damp. This will also stop a hacking cough at night. A sore throat can also be soothed by immediate gargling with salt water or some good antiseptic wash. Use a flat teaspoonful of salt to a half pint of water. When there is tightness in the bronchial tubes or chest call a doctor, but if he is not to be had, rub well with turpentine and land mixed, take a warm drink to induce perspiration and keep in a room of even temperature.

### Public School Sanitation

Lansing, Aug. 19, 1911.

Fifty thousand American school children are annually removed from school on account of physical inability to continue work. Careful investigation in this and other countries has shown this effect to be due largely to conditions existing in many of our school houses, such as poor ventilation, improper lighting, uneven temperature, unsuitable seats, etc. That these conditions have been the cause and are today causing the indispositions of general depression, lassitude, headache, dizziness, lowering of resistance to disease, and a consequent contraction of the more serious maladies, as, pneumonia, tuberculosis, bronchitis, influenza, curvature of the spine, near-sightedness, etc., is an admitted fact; and the knowledge that thirty per cent. of all school children are suffering from diseases of the eye should be sufficient to direct the inquiry of every parent, to say nothing of every school official, into the condition surrounding his child. Inasmuch as the years of early school life are the formative period of the tissues of the eye, it is imperative that money and attention be given to the end of proper lighting in our schools. Frequent absence from school due to colds, and other sicknesses could be eliminated, were ventilation more effective, were reliable systems of ventilating installed, instead of the common dependence upon open windows.

The experience of the Michigan State Board of Health in investigating the schoolhouses of this state shows that, while during vacation time, some improvements are made to overcome the worst conditions, yet these improvements are only too apt to be made-shift and inadequate. The health of school children demands a more lively recognition of their needs: pure air, supplied at the rate of not less than thirty cubic feet per minute for each occupant of the room adequate lighting, from the left side, or left side and rear, of the room; adjustable seats to suit the needs peculiar to each pupil; clean, well-ventilated toilets.

The immense sums of money invested in school property, the economic value of every school child, urge the best management of the schooling business and the maintenance of the most effectual means not only of preserving but of building up a healthy and strong generation of children.

Very truly yours,  
Robert L. Dixon, M. D., Secy.

### COMFORTING WORDS.

Many an Owosso Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Owosso readers.

Mrs. D. J. Hicks, Mercer St., Durand, Mich., says: "Off and on for years I was subject to attacks of backache and pains through my loins. If I caught cold it was sure to settle on my kidneys, causing me to suffer more severely. During one of these attacks, I happened to read about Doan's Kidney Pills and thinking they might help me, I procured a box. They proved so beneficial that I feel justified in giving them my endorsement. I also used Doan's Kidney Pills in the case of my child who was afflicted with a kidney weakness and they relieved the trouble promptly. I know of other people who have taken this remedy with good results." (Statement given Dec. 7, 1906.)

ADDED PRAISE.—Mrs. Hicks was interviewed on March 18, 1909, and she said: "I willingly confirm the testimonial I have previously given regarding my experience with Doan's Kidney Pills. You may continue to refer to me as one who endorses this remedy highly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Pull or Push?  
Is there any such thing as pull? Does the horse pull the cart, or does he simply push on his collar and so draw it along? Would you pull a weight that was fastened to your cart, or in that case would you simply be pushing against your clothes? Do our political officeholders always get their jobs through their own push, or is it usually a matter of pull? This is an interesting problem. Think it over.—New York Globe.

### FIRE ROUTS FAMILIES

One Man Probably Fatally Injured at Chicago Blaze.

Policeman Kicks Down a Door and Rescues Four Women and Two Children.

Chicago, Aug. 23.—One man was probably fatally hurt and four women and two children were rescued in two early morning fires. Charles Siegel, 3558 Armitage avenue, fell thirty feet into the basement of the Jefferson Furniture Manufacturing company while the place was in flames, and will die.

The women and children were rescued from a two-story frame building at West Thirty-fifth and South Avenue streets. The fire filled the building with smoke and four women and two children were nearly overcome.

The flames were discovered by Policeman McClellan, who kicked down the front door and rescued the women.

### GREAT RIVALRY IN SCHOOL EXHIBITS

Pupils of the State Will Compete in Handicraft at the West Michigan State Fair.

Education is the keynote of the West Michigan State Fair, the annual exposition of which will be held at Grand Rapids, Sept. 11 to 15. In all branches the effort of the fair is to bring before the people of the state, educational exhibits in an educational manner. Therefore no such exposition could be considered complete without an exhibit of the work of the pupils in school. A large section has been set apart for this exhibition and each year the school exhibits have been growing larger and better. This year promises to be the banner year in this department, over which L. R. Abbott, superintendent of manual training in the Grand Rapids public schools, is superintendent.

There are classes for all grades of city and country schools and for all kinds of work. Liberal premiums are offered and the rivalry extends not only between the children exhibiting the work, but between schools and between cities and towns.

Tuesday is the big day for the children. On this day all pupils under 14 years of age are admitted to the grounds for 15 cents and on this day the school exhibits attract thousands of children anxious to see their own work compared with the work of their fellows, and thousands of fond parents who may well look with pride upon the handiwork of their little sons and daughters and anxious to see the blue, red and other colored ribbons and cards placed upon their work.

This year the rivalry between schools and between cities and towns is more intense than ever. Aside from the large exhibits from the schools of Grand Rapids, entries have been received from numerous outside cities and towns, among them being Sparta, Bay City, Manistee, Ironwood, Calumet, Cedar Springs, Stanton and others.

This big educational feature, in which the public-spirited men back of the fair are especially interested, is an education and a revelation to Michigan. It always attracts immense crowds and should not be overlooked by anybody visiting the fair.

### BIG MEN WILL BE PRESENT

Governor and Senator Smith Guests of West Michigan State Fair.

Following the custom of previous years, it is confidently expected that the West Michigan State Fair at Grand Rapids, September 11 to 15, will have as its guests again this year Governor Osborn, Senator William Alden Smith and a large number of other men of prominence in state and national affairs. This year, right on top of the remarkable extra session of the congress and just preceding a great state and national campaign, these men should have something of more than ordinary interest to say when given the opportunity which it has always been the custom of the fair officials to give.

Senator Smith, who championed the cause of the farmers in opposing the reciprocity treaty, will most certainly be present, and it is more than likely Governor Osborn, who champions the cause of the initiative, referendum and recall, will also be in attendance on one day of the big exposition.

From any pain, from top to toe, from any cause, apply Dr. Thomas' Eclectic Oil. Pain can't stay where it is used.

## SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's remedies have done for me. For two years I suffered. The doctors said I had tumors, and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. Your Liver Pills have no equal as a cathartic. Any one wishing proof of what your medicines have done for me can get it from any druggist or by writing to me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 105 Mound St., Peoria, Ill.

Another Operation Avoided.  
New Orleans, La.—"For years I suffered from severe female troubles. Finally I was confined to my bed and the doctor said an operation was necessary. I gave Lydia E. Pinkham's Vegetable Compound a trial first, and was saved from an operation."—Mrs. LILY FEYRHOUS, 1111 Kerlereau St., New Orleans, La.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

## HEALTH RISKS ARE LAID BARE

Head of State Commissioners Tells How Poor Are Mulcted.

### SHOCKING FRAUDS EXPOSED

Every Form of Trickery and Deceit Resorted to to Avoid Payment of Insurance, It is Alleged.

Milwaukee, Aug. 23.—Several industrial, health and accident insurance companies were criticised by President Joseph Button of Virginia in his annual address before the forty-second national convention of state insurance commissioners. In addition to nearly every state being represented, several expert insurance men are in attendance.

President Button said that an investigation by a committee of fourteen or fifteen companies doing health and accident business resulted in disclosures that were shocking in the extreme.

"Instead of basing the adjustment of claims upon equitable principles," said Mr. Button, "some of the companies examined resorted to every form of rickety and deceit and even to forgery and theft in order to escape their honest obligations. This was all the more outrageous in view of the fact that these frauds were perpetrated upon the poorer classes, who, in the very nature of things, should be given every possible protection."

"As the committee which made the investigation has its report nearly ready, I shall not anticipate the remedies they will suggest for the conditions there disclosed except to say that it is incumbent upon us to root out this evil without mercy."

President Button pointed to the success of the uniform bill for the regulation of fraternal companies, commonly known as the "Mobile bill," which he said had been adopted by thirteen states.

### \$6,300 LIES IN THE GUTTER

Farmer with Money Sewed in Clothes Sleeps in Street.

Chicago, Aug. 23.—T. Trakson, farmer, eighty years old, who is unable to speak a word of English, slept in the gutter at Menominee and Sedgwick streets with \$6,300 in his pockets. Pedestrians finally telephoned the police. Sewed to the inside of the man's underclothing the police found \$3,000 in bills of small denominations. They also found a bank book showing deposits aggregating \$3,300.

### BANKRUPT IN TWO YEARS

Francis V. Alexandre of New York Squanders \$2,000,000.

New York, Aug. 23.—Francis V. Alexandre, formerly broker and clubman, has filed a petition in bankruptcy, with liabilities of \$3,144, and no assets. Seventeen creditors are named, nearly all of whom are Broadway restaurant proprietors and fashionable jewelry establishments. In 1896 Francis V. Alexandre inherited \$2,000,000 from his father.

### GEN. GEORGE CHAPPELL DEAD

Former G. A. R. Commander and Inventor of White Light Burner.

New York, Aug. 23.—General George Chappell, eighty-one years old, formerly commander of the G. A. R. in New York state, is dead at his home in this city. He was the inventor of one of the first burners by which a white light could be obtained from kerosene. He was a prominent Mason.

### HEALTH HINT FOR TODAY.

#### Water With Meals.

A difference of opinion has existed as to whether water should be drunk with food. Recent experiments have seemed to indicate that water may be drunk with benefit at mealtime. This is not finally settled, but it is certain that the practice of following a bit of food immediately with a mouthful of water or other liquid, washing it down without proper mastication and mixture with the saliva, is injurious. Children should especially be trained to avoid this habit. There is no doubt that in a case in which food is imperfectly masticated the drinking of a moderate amount of water slowly after eating would facilitate digestion, but the bit and sup habit is obviously bad.

Dyspepsia is America's curse. Burdock Blood Bitters conquers dyspepsia every time. It drives out impurities, tones the stomach, restores perfect digestion, normal weight, and good health.

FEMALE HELP.—Experienced can run glove sewers on power machines; run all year; our steady girls make 7 to 10 dollars per week. Houghton 477 24th Street, Detroit.

### Notice of Public Improvement.

To All Whom It May Concern: Pursuant to a resolution of the Council of the City of Owosso at a session held upon the fourteenth day of August, 1911, notice is hereby given that the city of Owosso proposes to make the following improvement, viz: To construct a sewer known as a Michigan avenue sewer number two along the following route: commencing at the intersection of Stewart street and Michigan avenue, running thence south along the center of Michigan avenue to a point opposite the center line of Guse street, that specifications, plans, diagrams and estimates of cost have been filed by the Board of Public Works in my office and are open to public examination; that the Council have designated as the district to be assessed for said improvement all the lands, lots and parcels of land lying within the district hereinafter bounded and described, the same to be assessed for said improvement according to the benefits derived therefrom, said district containing the following lots and premises: lots eight, nine, ten, seventeen and eighteen of M. L. Stewart & Co's addition to the city of Owosso, Shiawassee county, Michigan. The Council of the City of Owosso will meet at its regular session on the 5th day of September, 1911, at 7:00 p. m., and it will hear objections to the improvement as aforesaid and to the district to be assessed.

Dated August 10th, 1911.

ARTHUR H. DUMOND, City Clerk.

### Commissioners' Notice.

In the matter of the estate of Henry M. Lowell deceased. We the undersigned, having been appointed by the Hon. Matthew Bush, Judge of Probate in and for the County of Shiawassee, State of Michigan, Commissioners to receive, examine and adjust all claims and demands of all persons against said estate, do hereby give notice that we will meet at the residence of the undersigned, at Owosso, Michigan, on Monday, the 25th day of September, A. D. 1911, at ten o'clock in the forenoon of each said day, for the purpose of receiving and adjusting all claims against said estate, and that four months from the 24th day of July, A. D. 1911, are allowed to creditors to present their claims to said Commissioners for adjustment allowance.

Dated, the 24th day of July, A. D. 1911.

JOHN RYAN, ERNEST J. TAMMINS, Commissioners.
